

LYLSENS CONSULTING

Providing purpose-fit quality solutions
to your Project & Operational needs

Our Vision

To be a Key Player in Brunei, in providing Support to the Development & Management of Projects & Operations activities in all sectors, in a safe, professional and socially responsible manner.

LAILA SALEH | MANAGING DIRECTOR

Our Strength

A deep understanding of why, thorough preparation and an efficient and pragmatic approach catered to the client set-up in all respect including size, nature of business, culture and budget is crucial to the success of any Project & Operation.

This understanding and our wide network of expertise and skilled manpower both locally and globally will facilitate our aim to put together a multi-disciplinary team with expertise and background required to achieve the best results in projects.

Who are we

Lylsens Consulting is a 100% Bumiputera company, providing a wide range of support services, from project conception to its operation, to the Oil & Gas Industry, Government Bodies and Private Entities.

Why opt for us

Our management has extensive international Project Development & Management experience with oil majors and smaller independent companies, encompassing different sized projects and nature for the Middle East, West Africa & North Sea projects.

We have a large network of oil based engineering companies and vendors from whom they can consult for specialised items, primarily in France, USA and in the SEA region.

Lylsens Consulting has a passion to create a skill and knowledge transfer to local Bumiputera talents, instilling a professional and competitive work environment and ethics, endlessly aiming to become a 100% Bumiputera company.
