

# Health, Safety, Environment and Quality Policy

SKILLTECH Training is committed to the following HSEQ considerations and objectives:

<p>1 SKILLTECH Training considers Health and Safety of human life and respect for the Environment as first priorities.</p>	<p>6 Emergency procedures will be implemented where required in order to respond effectively in the event of accidents. These procedures will be periodically reviewed and tested.</p>
<p>2 Any development activity will be preceded by an assessment of risk to Health, Safety and Environment for the lifetime of the activity.</p>	<p>7 SKILLTECH Training employees, contractors and stakeholders will be required to conform to Lylsens HSEQ policy and understand their individual responsibility through dedicated HSEQ inductions and training.</p>
<p>3 SKILLTECH Training will select its industrial and business partners taking their commitment to Safety, Health, Environment and Quality into consideration.</p>	<p>8 SKILLTECH Training employees HSEQ commitment will be further progressed following periodical evaluation of their performance associated to their level of responsibility.</p>
<p>4 SKILLTECH Training will comply with laws and regulations and respect international standards applicable to it wherever it conducts its business.</p>	<p>9 SKILLTECH Training will optimise and promote employment of Brunei Bumi personnel and invest in their development following on the job and other applicable training.</p>
<p>5 SKILLTECH Training will set up appropriate Health, Safety, Environment and Quality management systems for each business activity. These systems will undergo regular evaluation as to maintain and continuously improve HSEQ performance.</p>	<p>10 SKILLTECH Training will endeavour to manage natural resources in a responsible way, to preserve biodiversity for future generations and promote sustainable development of our communities.</p>

Laila POKS DSP Hj Md. Saleh
